Q. A 64 to again, what was the hallmark of that performance for you?

MICHAEL KIM: Just had everything going. Drove it in the fairway enough times, and I hit my irons really great, and was able to roll some putts in.

Q. Double-digit approaches inside ten feet. One of the best iron play performances that you can remember in your career?

MICHAEL KIM: Sure. My coach, Sean and I, worked a quick FaceTime session on Monday night, I guess, and worked really well. Happy to hit that many inside ten feet.

Q. You're a proud PGA TOUR member. You've got a great history there, as well but many great things about the PGA TOUR, and there are there is many great things about the DP World Tour including its history. You are won one of the most historic championships in The French Open this year. If you were telling your mates what is so wonderful about the DP World Tour, what would you tell them?

MICHAEL KIM: That we get to go to fantastic different countries. The PGA TOUR mostly sticks inside the United States, which is great, but coming to places like Abu Dhabi, Dubai, France, and even India I went to for the DP.

I personally really enjoy the travel. The competition is still great, and I thoroughly enjoy my time here.
