TOUR CHAMPIONSHIP

A Rolex Series Event

Q. Tyrrell, you were the only player in the first two rounds bogey-free but you told us you were not driving the ball particularly well. How was it today with a 67?

TYRRELL HATTON: It was a lot better today. Hit a lot of good golf shots. That was nice.

If anything, it was the complete opposite on the greens, certainly early on. Yeah, front nine was frustrating to only be 2-under, felt like I played a lot better than that but I'm happy with my finish in the end.

Q. You spoke yesterday about the fact that you need to win this championship to have a chance to win The Race to Dubai, and you said you would be totally focused on just winning the championship anyway /but does The Race to Dubai add a little spice? Because it's possible now.

TYRRELL HATTON: I mean, sure. Today's round has given me a chance, depending what the last few groups do. Hopefully there's not too many birdies and not too far behind going into tomorrow. But yeah, I'll go out there and try and put another good round of golf together and see what happens.
