Q. What is it like to see a little bit of red up there?

COLLIN MORIKAWA: It's good. No, we need it. We need at least one a session, and hopefully turn things around. And, look, there's still a lot of points, but obviously we need that momentum to kind of go our way.

Q. I know you guys kind of ran into the buzz saw, but just the ability to bounce back and make it a match, does that give you a little bit of momentum going into tomorrow?

COLLIN MORIKAWA: You know, look, I wish we had more holes to play. We just kind of -- we ran into a wall there at the beginning of the round. And what are you going to do. Fitz was -- they were I think nine-under through ten. So that's golf. You've got to play some good golf, especially at the Ryder Cup.

Q. When you came out this afternoon, getting to 2 1/2 to 1 1/2, would you consider that success going into tomorrow?

COLLIN MORIKAWA: Yeah, look, we just got to start winning sessions. If we just slowly chip away, and hopefully we have a hot streak somewhere along the way and find our way back up top.
