Q. 67, climbing up the leaderboard, how do you feel after today's round?

BILLY HORSCHTEL: Sucks. I'm just pissed. 17, it's a tough hole obviously. But honestly I shouldn't have bogeyed the last few holes. Wasted a really good day of golf in my opinion. 5-under par, still a good day of golf. But I finished the last two days bogey, bogey. Bogeyed the last two holes yesterday and bogeyed my 17th hole at Carnoustie. So the last two holes I have not finished off rounds very well.

So I'm very, very ticked off right now. But twenty minutes from now, I'll look back on a really good day of golf and some really tough conditions out there. I feel like I played some good golf but right now I'm ticked off.

Q. You're still in contention and a lot can happen around here.

BILLY HORSCHTEL: Yeah, I don't know about me being in contention, four back or five back of second place, and four back of 11. So those two bogeys really killed me with having a legitimate chance to win because now there's more guys between me and the leaders.

But yeah it was great to see us play well. I really wanted to make the team cut. He played really well the back nine. Didn't play great the front nine. Struggled the last couple days but he came to light when we needed him. It was great. It was awesome. To make the cut with him, it's going to be awesome to play one more day.
