Quick Quotes

Q. You do love this course, don't you?

PETER UIHLEIN: I do, yeah. I think it's a good test. I have good history here. Just love it. The golf is lure over here. I like when it gets windy and challenging. It it's just a lot of fun and something I enjoy doing.

Q. It's a very different week to other weeks on tour, isn' it?

PETER UIHLEIN: It is. Obviously it's a lot colder than what I've been experiencing lately and obviously all the wind -- it's always a treat to come over here and play and fortunate to be here this week.

Today's weather wasn't as bad as I was expecting. Seems that it changes every five hours here it seems. Maybe tomorrow will be all right or it might be raining, I'm not entirely sure. We'll see but yeah, it was a nice start and yeah, try to put together another low one tomorrow?

Q. Every player dreams of holding up silver in front of photographers on the Swilken Bridge:

PETER UIHLEIN: Yeah, I was close here, was in a playoff. At the time, I didn't really know but looking back on it, that would have been really one really special one to win around here. I've always enjoyed coming back and yeah, hopefully string together three more good days and see what happens.
