Saint-Nom-la-Bretèche, France

Le Golf National

## Jens Dantorp

### Quick Quotes

**Q. One off the lead as it stands, how do you assess your performance today?**

JENS DANTORP: It was good. Yesterday was a little more solid off the tee. Today struggled off the tee. I made some nice saves and also created a fair bit of chances. So very happy with my game.

**Q. Some mentioned the course being beautiful but fairly challenging. What would you say that you learned from yesterday that perhaps helped you out today?**

JENS DANTORP: This course is a bit sneaky in that way that you don't always have to go for the flags. They look like you have to go for them because it's not that long of a golf course or you stand there with wedges but you can pretty easy putt yourself in some bad spots. So staying a bit patient and playing away from the pins a little bit sometimes.

**Q. We haven't seen the best of you the last few weeks but you seem to be back to some of your best stuff here in France. What would you say has clicked so far this week?**

JENS DANTORP: I've been finding the fairways a little bit better this week. Also been taking my medicine when I have to, not being too greedy, playing away from the pins sometimes and trusting that my putting is good enough to hole some good putts.

**Q. What can you take from this into the weekend tomorrow?**

JENS DANTORP: Probably just try to do the same. Going to go do some range stuff now and hopefully can straighten the tee shots out a little bit more. So they can be back to where they were yesterday. So that's the plan.
