Quick Quotes

Q. We've had two days of sunshine, the rain comes down, then you climb your way up. 65 today. Very well done. What happened out there?

FREDERIC LACROIX: No idea. I just tried to play some golf, just to get one shot after the other. And, yeah, it was just a good day.

Q. Five straight birdies. Something must have clicked. Can you tell us what it was?

FREDERIC LACROIX: Putting was good today. I was struggling on the greens for the last few tournaments now. I don't know, maybe less expectations today. And, yeah, I just rolled the thing quite nicely today. Made some really good ones.

Q. You made the cut 11-par, and you put yourself well in the mix. How much sweeter is it knowing that you are on home soil playing in front of friends and family?

FREDERIC LACROIX: It's always nice to perform at home. I was struggling the first two days, which is a bit frustrating because playing at home, you want to do well.

But, yes, super happy to be in the mix for tomorrow.
