Woodmont Country Club

## Gabriela Ruffels

### Quick Quotes

**Q. Seems like your irons were really on fire, especially on the back nine. Talk me through how you're feeling.**

GABRIELA RUFFELS: Yeah, definitely on the back nine everything kind of got a little bit better. It was a little bit of a shaky start. She was 1-up -- yeah, she was 1-up pretty early. I think maybe like the third hole or something, but it took me a while to kind of get into it, but was really happy with the way I finished.

**Q. After having played the course a few times the last couple days, did you make any adjustments out there today?**

GABRIELA RUFFELS: Yeah, so I played a little later today. I played at 2:30, so the wind was up. The wind was up a lot more and kind of a different direction than the other couple days, so I did have to make a couple adjustments with what I hit off of tees, but other than that it was the same game plan.

**Q. Does it feel different coming back to defend the title given everything that's going on or when you're out there does it just feel like a regular golf tournament?**

GABRIELA RUFFELS: I mean, I'm trying to make it feel like a regular golf tournament, but obviously there's a little bit more pressure and expectation, but that's what I thought it would be coming into it. Honestly it's just a bunch of fun. I'm just having fun out there, and whatever happens happens.
