Q. Great round today.

ERICA SHEPHERD: Thank you.

Q. How are you liking the course so far. How does it suit your game?

ERICA SHEPHERD: I absolutely love this course. As soon as I saw it I said, This reminds me of Ridgewood, the girls junior I played in many years ago actually. I love this type of golf up here. Reminds me home. I've been playing well, so I am just having a good time out here.

Q. You know these are long weeks and you seem to really like match play. What's the mindset shift going into tomorrow?

ERICA SHEPHERD: Yeah, just a matter of conserving your energy and preparing for a long week, not getting too high or low.

And then I have a few things I want to work on for tomorrow. And then match play, it's just head-to-head. That's my favorite thing in the world, so I'm excited to go get it.
