

U.S. Women's Amateur Championship

Tuesday, August 9, 2022
University Place, Washington, USA
Chambers Bay

Jensen Castle

Quick Quotes

Q. What do you like about this course?

JENSEN CASTLE: I think this is a great match play golf course. Especially the practice round, I thought pars were very important out here, but after playing it, there's a lot of good birdies that you can have. I think four- to eight-footers you're going to have quite a bit, depending on where the pin is.

Q. Talk about the different level of mindset last year to this year and your confidence.

JENSEN CASTLE: Well, last year obviously I was coming off of a huge break with an injury. This year I've been looking forward to match play -- not match play. I've been looking forward to the Am for the match play experience, and just to see my favorite people working out here, and especially being on the West Coast, I'm never really on the West Coast ever. Just appreciating the view, and I've heard great things about Chambers. Obviously it's been on television a few times, so it's pretty exciting just to get to play it.
