Quick Quotes

Q. Just wrap up the year.

JENSEN CASTLE: This year has been a whirlwind. It's been crazy. So many exemptions, so many great opportunities. It's been awesome. It's been great, a ton of great opportunities, exemptions and a ton of great learned lessons. It's been a year that I won't forget for sure.

Q. You showed up here and you played really well. What did you prove to yourself?

JENSEN CASTLE: I proved that I am actually capable of making a top 63, especially on a great golf course, and holding my own. Aneka played great today. I hope she goes and wins this thing. She's a stud, and it sucks when you have to play a friend in the first round of 64, but it is what it is, and I'm proud of her.
