University Place, Washington, USA  
Chambers Bay

## Annabel Wilson

### Quick Quotes

**Q. I know it's no fun losing, but you've got to be really proud of yourself for how you played this week.**

ANNABEL WILSON: Yeah, absolutely. Like I said, I was just glad to be here. Yeah, just didn't play well today. That's golf.

**Q. Is there anything that you wish you could have done a little bit differently or mentally or with any of the shots out there today?**

ANNABEL WILSON: I think just a few on the front nine, I made a few wrong decisions, and that put me in kind of no-zone areas and couldn't make up-and-down for par. But other than that, no, I was happy. I was able to keep going right until the end.

**Q. I know this is really hard right now, but looking back at this week and all that you've accomplished, you've struggled a bit in the last couple years. What does this week do for you and your confidence and say for you and what's upcoming?**

ANNABEL WILSON: Yeah, absolutely. It's a great game. You're always learning. You're always battling, whether that's out on the course or even what you're working on. So yeah, just keep going and keep staying with it, and that's what I did.
