Quick Quotes

Q. Can you just talk a little bit about your round today?

XANDER SCHAUFFELE: Yeah. Hit one fairway with my driver, so it was a bit of a grind to say the least. All things considered, I could have let it get away from me even more, so I guess it could have been worse, looking on the bright side.

Q. I heard you were going to the range right now. What are you going to work on?

XANDER SCHAUFFELE: I just want to see some drivers fly at the target line. The 18th fairway is like 60 yards wide.

Q. What's it going to take tomorrow?

XANDER SCHAUFFELE: I need some help at this point now, with such a poor performance today. I saw some guys like shooting 29 on the front, so it's out there if you're hitting the ball in the fairway.

Just going to have to do something special, and going to need some help from up top probably.
