Quick Quotes

Q. 3-under round today. What was the best part of your game that allowed you to go in red figures?

TOM KIM: I feel like I think overall I played really steadily. You know, obviously I think being -- I stayed really patient out there. I kept hitting in the right spots. I actually gave myself a lot of opportunities coming in.

The whole day was just pretty stress-free. I think when you keep doing that at a U.S. Open, you are going to get rewarded at a certain time, and I kept waiting for my moment. It was nice to finish strong.
