Quick Quotes

Q. Great round today; what kind of went well for you out there in your first round?

BRONTE LAW: I think I just kind of picked my way around the course. Didn't think too much about where the opportunities were going to arise because they could kind of come out of nowhere.

There's a lot of tough pin positions, so certain holes that were maybe birdie opportunities in practice rounds obviously made a lot more difficult based on the pin positions.

So kind of didn't worry too much about that and took each hole as it came and took the chances when they did come.

Yeah, that was it, really.

Q. Playing in the afternoon, did you feel like the heat or the winds kind of --

BRONTE LAW: Yeah, it's hot. My head hurts. Yeah, it's physically difficult to take on enough fluids. But that's the beauty of playing in the afternoon, so you know it's going to be hot. You've just got to mentally prepared for that, not kind of use up too much energy on emotion and just keep your reserves high for the golf shots.

Q. You have a quick turnaround tomorrow morning. What's your plan for the evening, come out and have a good morning round?

BRONTE LAW: Physio, eat, shower, rest. That's it, really.
