Q. Stephanie, first off, just kind of assess your round for me today. What were the highs? What were the lows?

STEPHANIE MEADOW: It was pretty bad, to be honest. Just sloppy. Really sloppy. Looking pretty good for a birdie on whatever the last par-5 is. It was three yards off the front of the green, and ended up with a bogey.

Just can't do that in major golf, and I'll probably end up missing the cut.

Q. How were course conditions today? How were playing conditions today versus yesterday? Any changes, or was it a little bit different or similar?

STEPHANIE MEADOW: It was pretty similar. The wind started blowing a little bit kind of midway through, but it's still not that much. I thought the fairways might have been a touch firmer, but the greens about the same, so overall I think it's very similar.

Q. What's kind of the rest of your afternoon? Is it going to be some scoreboard watching or what do you think?

STEPHANIE MEADOW: I was the at 3, yeah. 4, I would be shocked. I think it would take a miracle, but you never know.

Q. I know coming back to Pinehurst area, you had such a great run in 2014. What has this week been like? What memories have you had or have kind of been around in the area this week?

STEPHANIE MEADOW: It just brings back pretty much all the memories of where I stayed when I was last year, restaurants or whatever. It's a very special memory. It was obviously a great start to my career.

So I think it's great to have it back in the area, and Pine Needles is just as good as Pinehurst.
