**Q. If you could give us a thought about today. You played pretty well, four birdies. Talk about your round.**

ARPICHAYA YUBOL: Yeah, I feel like today I hit pretty good shots. The golf course is too hard for me, but I hit good shots and then get good opportunities for me, like many holes for me to birdie.

**Q. You made four birdies today. Any of those stand out in your mind, any really good birdies?**

ARPICHAYA YUBOL: I feel like hole No. 2. I hit the second shot pretty perfect spot and the ball landed just two feet, and I can make the birdie. Easy one for me.

Another one is hole 10 because it's not an easy hole, like a long hole. I hit the second shot a little bit over, but I get a birdie, like long putt from the back, and then I get a birdie. Made me like oh, you can do long putts sometimes.

**Q. How long was that putt?**

ARPICHAYA YUBOL: Yeah, like 50 feet.

**Q. You weren't expecting to make it, and it drops in and you've got to be pretty happy.**

ARPICHAYA YUBOL: Yeah, every putt, like long putt this week, I think just two-putt and then tap in and that is enough for me. Like is that the first hole for me? Because first round, second round, I don't have any putts for birdie, and then today I made it. It gives me confidence for tomorrow like okay, I can do the long putts. I can make birdies, too.

**Q. First time you've made the cut in the U.S. Women's Open. I'm sure you're enjoying the week and excited about what tomorrow can bring for you.**

ARPICHAYA YUBOL: Yeah, I'm so excited for tomorrow. It is the first in my life, first major I made the cut. I'm sure tomorrow will have good memory for me in my life.
