Q. You've made it to the quarterfinals. Tell me about your day. What happened out there?

NADENE GOLE: Look, I didn't putt that well today. I missed a few, a couple under four feet, and that was probably the turning point. Shelly missed a couple but I missed more than her, and that was all. That was it, then it was a good match. We both played pretty good golf. I'm guessing she would have been six or seven birdies or something.

I know with the Masters dinner it's only the champions, but it was really special to be able to speak in front of everyone and just catch up with people because they just seemed very, very grateful to me for winning and also being part of seniors golf. I think that's special.

Q. What made this specific host site stand out?

NADENE GOLE: This one, probably a little bit more challenging for all of us. I accepted it straight away. I started to really enjoy the shuttle drive. I was like, look at the trees and look at that house. I really think that the back nine is really special on this because the scenery is beautiful, and you turn some corners and you get these beautiful vistas, and I started to look around and look at all
