### Quick Quotes

**Q. I believe this is USGA championship No. 122. I was wondering if you could talk about the significance of being in another one.**

CAROL SEMPLE THOMPSON: Well, it is pretty significant because I haven't played that much in recent years, and it's really nice to receive an exemption to play here. So I've got one more badge that I can give to the USGA for my locker and Hall of Fame.

**Q. How much more special might it have been being in your hometown and being able to have all this friends and family?**

CAROL SEMPLE THOMPSON: Well, it's been great having some friends and family here. Even though I didn't play well, they were still willing to cheer for me when I had a par.

**Q. Was this group with you all 18?**

CAROL SEMPLE THOMPSON: Yeah, I think most people were out there -- well, some didn't come until the back nine, but there was another group yesterday who came and followed me all 18. I've had lots of friends out. It's been nice.

**Q. Have there been any highlights this week or really any highlights in general?**

CAROL SEMPLE THOMPSON: With my golf? It's hard to find highlights. However, I did get it up-and-down out of a bunker on my last hole today for a par.

**Q. That tall bunker right there?**

CAROL SEMPLE THOMPSON: Well, I hit it over the green and got it up-and-down. So that was a highlight for me.

**Q. Was there anything else you want to add maybe just about what everything might mean to you in the**

grand scheme?

CAROL SEMPLE THOMPSON: Well, I think this is a terrific championship. I really love seeing the more mature women play. I'm proud of the USGA for having it.
