

# U.S. Senior Women's Open Championship

Friday, August 22, 2025

Chula Vista, California, USA

San Diego Country Club

## Corina Kelepouris

### Quick Quotes

**Q. Can you walk me through the day? Did anything stand out to you?**

CORINA KELEPOURIS: The greens played a little softer today. I will say that. We started in the morning, so it was pretty calm for most of the round until somewhere in the back nine.

I didn't hit my driver great today, but I managed to salvage where I needed to salvage. I made one bogey, so I had a nice clean card. Overall, it was a pretty good round of golf, pretty steady.

**Q. How did the course play today? I know you mentioned the greens were a little bit softer. Did anything else stand out to you?**

CORINA KELEPOURIS: You know, other than the greens being a bit softer, it's a little bit more wet in the morning. You feel the dew. Then towards the back nine you start to feel like it's a little bit more dry and dried out, so it changes your turf interaction a little bit. But for the most part it was fairly similar.

**Q. What shined today? What part of your game stood out or what worked for you?**

CORINA KELEPOURIS: My driver, it shined but not in the right way. I hit some good irons. We managed it well. I think management was really good. Had some good up-and-downs where I needed them. I made a good nine-footer to save par on 15. Raced it by the hole and made that coming back. Those are things that you do to sort of maintain your momentum.

**Q. How will you approach this weekend? You're in contention. Are you going to change a little bit of your game plan?**

CORINA KELEPOURIS: No, I just gotta keep going. I'm really inexperienced at this level, and stay within myself. There's so many -- you know who's here, all the players

and all those players up on the leaderboard. I'm just going to do what Scott and I are doing with our game plan and see where it takes us.
