Q. Great job this week; can you walk me through what your major takeaway is?

CORINA KELEPOURIS: It's just unbelievable. It's not like I won or anything, but to finish T4 in a major, I think that's what I finished, or to be part of the lead or around it for the whole week, I'm super proud. CORINA KELEPOURIS: Go, just go. You never know -- this is my second USGA championship. My first one was last year, and I'm 52 years old. You don't know when it's going to come, and it's worth it.

Q. Did you think that you would be in contention at a major like this, if you would have said this to your younger self?

CORINA KELEPOURIS: I felt like I could. I felt like I
