Quick Quotes

Q. Difference between today and yesterday, course conditions, the way you played?

MARK HENSBY: Greens were faster, much faster, and I putted terrible.

Q. Outlook going forward for Saturday?

MARK HENSBY: I don't know.

I mean, depends on obviously it's going to be a lot warmer, I think greens will get firmer, so, yeah, you can't be sitting in the wrong spot, that's for sure.

Q. So will you go back and work on putting this afternoon?

MARK HENSBY: Yeah, I'll work on some putting for sure.

Q. Was the course the way you thought it would be after yesterday's rain, dried up a little bit and became faster overall, or how was the rough conditions?

MARK HENSBY: No, nothing really changed except for the speed of the greens. I mean, they were soft but they were fast. I mean, it felt like two, three feet faster.

Obviously we played later yesterday and it was wet, but, yeah, I was shocked how fast they were. I just never got my speed today.
