Quick Quotes

Q. How would you sum up your week at the inaugural Adaptive Open?

LUKE CARROLL: First two days weren't my best playing, but it was great to meet new people and see how they play golf. Today was a lot better. I got to meet new people all week, and that was the main thing.

Q. How do you think you improved today? What did you like about your game today that you didn't like about the first two days of play?

LUKE CARROLL: I struck the ball a little bit better, and I made more putts. That was really the key. The first two days I didn't make as many putts.

Q. Going forward, do you want to come back next year? Are you looking forward to coming back? What do you think this week has done for yourself as a player and then the future of this championship and you hopefully coming back here?

LUKE CARROLL: I think it's built on my experience. I haven't played in a USGA championship. I've played in a few PGA championships, but this has definitely made my confidence a little higher. I look forward to being back here next year and trying to win it next year. That's my goal.
