Sergio Garcia

Q. If you just want to give us a recap of your round today and how you think it went.

SERGIO GARCIA: Yeah, obviously conditions were very good today, easier than yesterday. I felt like I played quite nicely, maybe not quite as well as yesterday, but I missed a few good opportunities from probably inside eight or nine feet.

Other than that, I thought that I fought nicely and tried to keep it as low as I could. Just a shame that three-putt on the last. I felt like I hit a good putt and it just went left when we thought it was going to go right. Other than that, it was a solid day.
