Dustin Johnson

Q. Dustin, thank you so much for joining us. A nice 67 to finish here at the Open. Can you reflect on your round for us?

DUSTIN JOHNSON: I felt like I played really well today. Obviously just missed a couple short putts, felt like I hit good putts, just wobbled a little bit there on 3, 4, and then 15. Other than that, I played really, really solid, gave myself a lot of opportunities.

Q. And just looking at the week as a whole, are you happy with the week?

DUSTIN JOHNSON: Somewhat. Yesterday just had a bad stretch of holes there, just swing got a little funky, just hit some poor shots. Other than that, I felt like I swung it good, played well all week, but just had seven holes there in the middle of my round yesterday where I just did not play very good golf, and that kind of knocked me out of the tournament.

Other than that, yeah, I had a really good week, hit a lot of great shots, and I'm happy with where the game is. Obviously, going into next week, I've got a lot of confidence, so looking for a good week.
