Jon Rahm

Q. We are joined by Jon Rahm. First of all, can you give us your thoughts on the Championship overall?

JON RAHM: Well, what am I going to say? It's a good championship. Played really good golf. I think the main part of my game that could have been a little bit better is putting.

Not that I'm asking to make every putt, but I really struggled to make putts outside really eight feet, right.

Even if you take today, I did make the long one on 15, but besides that every birdie putt I had was short, and even the eagle one, right. There was a lot of chances out there that I could have made or that I know that guys out there ahead of me are making.

At the end of the day, still a really good showing. Played really good golf all week. Too bad I'm going to end up just shy. Yeah, I'm still going to smile because I gave it my all. Finished really, really strong and gave myself the best chance I could.
