Danny Willett

Q. How do you sum it up?

DANNY WILLETT: Yeah, it was frustrating. Drove it nicely. Gave ourselves a few good looks and didn't get it close enough. Yeah, just a bit of a shame really because it could have been a decent day.

Q. The conditions, you seemed to have a mix of them there.

DANNY WILLETT: Yeah, it was pretty good for the most part. Yeah, I had a little wind switch on 17 there, so 17 played into instead of playing slightly down out of the left which kind of killed it.

And then 18's played a little bit down out of the right. Yeah, a little bit we at the beginning but from what the forecast was, every dry hole was a bonus.
