**Emiliano Grillo**

**Q. What worked for you today and what didn't?**

EMILIANO GRILLO: I played solid most of the round. I stayed solid most of the round. Just a few shots on the front nine that needed a bit of a good break with the putter, and it worked out.

Shot under par on the front nine, which is the first for the week, and just couldn't take advantage of the back nine.

Slow day in the middle of the round, in the middle of the back nine, and was able to hit a couple good shots and just didn't convert on 17.

**Q. You've been playing well in majors; you've won. Talk about the feelings you had a few years back when things were going well.**

EMILIANO GRILLO: You're always hoping for the best. You're always hoping for a good round, good play. Doesn't matter how bad you're playing. You practise to get better. I don't feel I have my best this week, and somehow I'm still lingering somewhere near the top. Hopefully my best is for tomorrow.
