**Min Woo Lee**

**Q. How tough was it out there today?**

MIN WOO LEE: Yeah, it was pretty brutal. Didn't really have the mindset of it's going that wet for that long. All day we pretty much had the umbrella up. Yeah, it wasn't easy.

**Q. What do you take away from a week like this or learn from going forward?**

MIN WOO LEE: I guess like I can get in contention the first two rounds and then the weekend was obviously not that good, so it was more just technical game, I guess, I've got to work on.

I didn't think the first two days I hit it that well even on the weekend. I showed on the weekend when it was a little easier that you can make some scores.

**Q. Now that all the majors are done, sort of reflect on your year, especially in the bigger tournaments.**

MIN WOO LEE: Yeah, it was really good. A bit disappointed that it finished like this, but top 5 at a major, my best finish in a long time. Really happy with that.

Yeah, I'm pretty proud of the way I went for the last six, 12 months.
