Santiago De La Fuente

Q. First time in an Open, first round in an Open. Tell me about the good things and the struggles.

SANTIAGO DE LA FUENTE: Good things, I started with a birdie. That was positive. There were a lot of good shots today. The course was playing tough. I played a lot of practise rounds like this, blowing into the wind in the front and then downwind.

A couple of mistakes, a lost ball on 4. There was a lot of things that went wrong today, but there's always tomorrow. I just need to fight a little bit more tomorrow.

Q. Kind of tomorrow and then your vision for tomorrow, what do you expect?

SANTIAGO DE LA FUENTE: I expect to make good decisions off the tee and give myself opportunities so I can make birdies.
