## Jordan Spieth

**Q. How good was that 3-wood that you hit into the par-5 there at the end?**

JORDAN SPIETH: Yeah, it was great. It was definitely my best shot of the day. It was nice. Then he hit it closer. So I was like -- I guess it wasn't that good. A 305 hole and I got 15 feet and still he made it look a little easier.

**Q. What was the scariest shot out there today?**

JORDAN SPIETH: I think you hit the fairway on 11, and the 12th tee shot might have actually been scarier than the 11th today, just the wind direction that we had. But just those tee balls where you can't miss either side and you get them straight into this wind and we certainly had it easier than the guys earlier today by the time we got to those holes.

**Q. What's it like when you show up in very different wind than the practice?**

JORDAN SPIETH: Yeah, we had it close to this yesterday. I tried to save -- we didn't have much wind the other days, so certainly I think when you start hitting certain shots off the tee, they just -- like that front nine, all of us were short on everything, as everybody was all day, and I think that was not quite being used to, so hopefully make the adjustment for tomorrow.
