Filip Jakubcik

Q. What do you take from this?

FILIP JAKUBCIK: It was awesome. The whole scheduling from R&A, it was amazing. Course was in great shape. Weather honestly better than I thought. I thought it might rain a little bit more.

I think I left some shots out there. Other than that, I think it was a cool experience. Definitely learn a lot out of it.

Q. Your favourite things of the week?

FILIP JAKUBCIK: Favourite things? Everything. Every bit of it was fully enjoyable.

Q. What do you learn from playing in these conditions, playing at this level, and what do you think you need to do now to get better?

FILIP JAKUBCIK: I'd just say around the greens, putting, chipping, just they're all unreal. I would say my ball striking is sort of up there with theirs. Just when I make a mistake, I just can't save it as easily as they do.
