Aaron Rai

Q. Another steady round. What was it like out there?

AARON RAI: Yeah, it was okay. Conditions were great for scoring, not much wind, it was warm. There was a lot of opportunities out there, especially compared to the first two days. It could have been better, but we're pretty much where we were at the start of the day, so we'll go again tomorrow.

Q. That's the frustration, when the conditions are good that you've got to make hay?

AARON RAI: Yeah, I think there were enough opportunities out there to be able to score. I haven't really checked what the scores have been so far today, but yeah, it just definitely feels like there was a better score out there.

But that's one of those things. Still played okay, stuck in there well, and we'll see how it goes tomorrow.
