**Harris English**

**Q. Tell us about what worked for you today. Some great shots on the course.**

HARRIS ENGLISH: Yeah, I would say I did hit some good ones, but overall ball-striking-wise it was probably my worst day of the three. Putted really, really good. My speed was really good, made some really clutch par putts. Early in the round made some good up-and-downs. My speed was really good. I just made some really good eight to ten-footers today. Was reading the putts really well. When I had a question Ramon helped give me some confidence on my reads. Really 18 was the only one I misread all day. So it was solid.

I'm happy with where I'm at. I know it's going to take a special one tomorrow. But who knows, I've had some good Sunday finishes this year in the majors. Hopefully can pull off --

**Q. Do you get that feeling that you kept yourself in the mix and can do something tomorrow?**

HARRIS ENGLISH: Yeah, I'm going to go stick with my game plan and strategy that I've had all week. It's one of those, if you start making some 15- and 20-footers and get in that "go mode" then you can start playing really aggressive, and anything can happen. This weather can turn on a dime. I don't know if I want it to play really tough or really easy. It just is what it is, and you've got to -- whatever conditions you have at that moment, you've got to do the best with, and that's what I'm going to do tomorrow.

**Q. The last thing regarding keeping up with Scottie, what does it take?**

HARRIS ENGLISH: He's unbelievable. Just from a -- I call Scottie a friend. I've known him for a good while since his amateur days. I'm just so impressed with his work ethic. No. 1 in the world for I don't know how many weeks, but he works harder than anybody I've ever seen. He's got a great system. He's got -- just his belief, and he works like he's never going to play in another major championship ever again. It's really impressive.

Just a great guy overall. He's easy to root for. I can't say anything bad about the guy. It's impressive to watch, and what he's doing is incredible.
