Louise Duncan

Q. You and Hannah secured half a point on the opening day. Sum up your win today.

LOUISE DUNCAN: Yeah, it was a bit of a battle and I think we were 2-down after 8, I can't remember. But, yeah, we were down most of the way and then we managed to turn it around, got, kind of made really some good putts. Yeah, we actually turned it around in the back nine and sneak 1-up there. And then, unfortunately, the other team made a birdie down the last, but what can you do to a birdie? So, yeah, it's overall happy with the half point, but glad to get the team off the mark.

Q. What was the mindset going into it? Obviously you were facing the best players in the world, what was the mindset this morning?

LOUISE DUNCAN: I think it was just to go out and play our own game. We know we're a strong team and, yeah, just go out and enjoy ourselves, have a bit of fun and hit some good golf shots.

Q. What did you make of the foursome setup? How did you find that?

LOUISE DUNCAN: Yeah, we play a wee bit of it, me and Hannah, when we're playing for Scotland in the Europeans in home internationals and stuff, but, we never really played GB&I together. So to go out there and represent GB&I and Scotland as a Scottish team was really good and, yeah, we both thoroughly enjoyed ourself and played some really good golf.
