Sarah Ingram

Q. Sarah, congratulations. How do you reflect on the week winning the Curtis Cup here in Conwy?

SARAH INGRAM: Just got the trophy back in my arms. Oh, it feels amazing to have come here and to come away winners. We've had a spectacular week, beautiful weather. The people are amazing here, so welcoming and helpful and cheering us on as well as their own players. We're thrilled to have come away the winners.

Q. What did you say to the players going into the singles this morning? What was the mood in camp? They delivered for you.

SARAH INGRAM: They did. I think after the first day they got pretty fired up and realized that they needed to buckle down and play well. They just carried it over to today. I basically said -- they're pretty good at peppering themselves up. Just talked about how proud I was of them as people in general and that I knew that they would go out and get the job done.

Q. That's the first time as well that you've won the Curtis Cup. You played in a few yourself. How does it feel to get your hands on the trophy?

SARAH INGRAM: I'm thrilled to finally, fourth time. Fourth time's the charm, I guess. I obviously owe it to these players, but it's so exciting to actually have it in my arms right now.
