Louise Duncan

Q. Thoughts on today?

LOUISE DUNCAN: It was a lot different from yesterday. It was all right. Some up-and-downs. Overall, happy with how I battled.

Q. The way you responded around the turn, you must be proud of that.

LOUISE DUNCAN: Yeah, wasn't doing great at that point. Made that putt -- felt good after. Yeah, took chances.

Q. Making the cut, a great achievement?

LOUISE DUNCAN: We'll see how the weekend goes so nothing really to lose now. Just what the players like Georgia, whatever happens, they don't let it affect them. Just enjoy it and play well. Trying to keep flat and steady.

Q. Got a nice welcome yesterday on 18 but today was that as good as anything you've had in golf so far, the number of people so far and the warmth and the welcome?

LOUISE DUNCAN: It was nice. I've never had that before. To have that was great. Just a shame to two-putt. Just flared right into the bunker.

Q. Obviously you had such a good round yesterday. How did you feel this morning?

LOUISE DUNCAN: I don't think I could have gotten any more nervous than yesterday. It was like nothing today. Maybe a wee bit of hand-shaking but it was fine.

Q. Playing with Georgia, how good was that?

LOUISE DUNCAN: Yeah, it was great. Obviously couldn't have gotten a better draw. She made me feel comfortable at the end there.

Q. After the Women's Amateur win, something like this, would you possibly change anything?

LOUISE DUNCAN: My thoughts, I haven't played a pro

event, I didn't know how I would play. So yeah, still thinking about it. I've still got two years left -- different story. See how it goes. Nice eye-opener take some confidence from this week.

Q. Your caddie, the job he's done for you

LOUISE DUNCAN: I've worked with him all year and he's been really good. He's a club pro, so this is all new to him as well, so we're just taking it one step at a time and we'll see what happens.
