Hannah Green

Q. How were conditions?

HANNAH GREEN: It was windy but compared to what the forecast had it was pretty calm but at least we had the same wind direction as we had yesterday so it was kind of familiar, because I think even in the morning we had similar conditions, but there was still quite a breeze. I hit the ball better today, so hopefully I can just roll some more putts in.

Q. How do you feel about your position?

HANNAH GREEN: I hope I can have an early tee time on the weekend and maybe post a number and come-from-behind. I feel like you can go low, if you have a couple lucky bounces and maybe a couple putts go in, your confidence can be quite high here, and the opposite. Yeah, hope I can continue and make a few more birdies. I was happy that I only had one bogey on the card but a few bogeys would be nice.

Q. How are the crowds?

HANNAH GREEN: It's nice to have crowds back, even though I'm not playing in Australia, I feel like I kind of am but it's nice to have them back and they are really great. I hope we get really big numbers on the weekend because everyone really misses us. I did have one of my mom's cousins come out and watch me. Thanks, Andrew, for coming. Some more family are coming this weekend, so they were pretty certain I was going to make the weekend, which was nice.

Q. You were Top-20 in 2019. Goal to try and beat that?

HANNAH GREEN: Absolutely. I feel like if I have a few more under on the weekend both rounds, I'll be right up there in the leaderboard. So I just want to focus on my own game and not get too caught up on when everyone else is doing.
