SU OH: Yeah, it wasn't too bad until the last hole, really. The last few holes. It was quite nice. Not much wind but obviously you don't really need a lot of tough conditions for this golf course to be hard. Just kind of got off to a bad start. Just didn't really hit many fairways and then life was really hard. But I made some really good up-and-downs and sort of finished well which I was very happy with.

I think I went down the leaderboard overall but I finished 1-under, so I guess from where I was after nine holes, I did move up. I thought I was going to have a million in the beginning to be honest. I was like, oh, gosh.

Yeah, I don't know, just a couple of bad shots and easy bogeys out there.

THE MODERATOR: It's quite a congested leaderboard. Four behind at the moment so anything could happen tomorrow.

SU OH: Yeah, I have no idea what the forecast is like tomorrow. But I thought for some reason the pins were more tough yesterday than today. The greens are softer today. So I could have gone at a few more pins but I didn't. So I think in general maybe it was a little bit easier just the rain overnight and the rain now has made the greens softer. Obviously now the golf course is playing longer by a little bit.

THE MODERATOR: How much do you relish the challenge of Carnoustie?

SU OH: I actually really love it here. I love the golf course. I like how you have to think on every shot. I kind of -- it stresses me out but I think that's really good that you have to think about every shot and if you don't taken aggressive line for your tee shot, then you're going to have a really long putt into the green, so it's kind of a choice you have to make. But if you do hit driver down the slot, then you're going to have an easier second shot.

So we'll see how we go tomorrow.
