## Gaby Lopez

**Q. Take us through the round, tough winds, everything changing again.**

GABY LOPEZ: Yeah, it's one of those days that whenever you probably don't are in sync or have the perfect tempo, the wind can take the ball everywhere. I made a couple bad swings. I was able to get up-and-down a couple times, but overall I just feel that probably didn't swing it as good as yesterday but happy with the overall result -- able to stay up there and keep fighting.

**Q. And it looks like the things we were talking yesterday, keeping the attitude, the pace, the concentration is something you were able to do today?**

GABY LOPEZ: Yeah, I felt that today I felt more -- probably a little more rushed. I was not in sync with my tempo and my swing.

But yeah, I feel that you've got to be very, very disciplined in this kind of golf course. You can't take any shortcuts. I pulled my driver just a tiny bit, and the wind took it into the bunker, a pot bunker, and I ended up making bogey on a par 5 and that's like very frustrating.

But yeah, just got to keep learning. You have to really take more caution -- cushion into the pot bunkers and being able not to -- just avoid them.

**Q. With the conditions and the wind and getting probably stronger this afternoon, 2-under is a really good position?**

GABY LOPEZ: Yeah, I feel the overall result is still there. I still we hit amazing shots, not too many in a row, but lots of positives out there.
