Q. Take us through your round today. How tough was playing with the wind, and what things worked well for you today?

IN GEE CHUN: So before I start tournament, my caddie, Dean, and I talk about the course. And after that, we had a little bit of betting, our game. If I make the bogey-free round, he said he's going to buy dinner and pay me like \$100 for each day if I can make it.

So before I start round, I always like setting another goal to make bogey-free round. I think that mindset was help a lot on the course. But I hit two bogeys last day, last two days. But I want to keep trying to make bogey-free round next two days.

And we have a big wind out there, but I have great reason why to love the Scottish now because my ball was sit on the edge of the hole today, and after like three seconds it dropped in. Now I can enjoy more like Scottish greens.

Q. I understand that maybe your technique was not perfect, but your result was good. And it has to do also with the links. With the links you can get days like that; that you're not hitting the ball perfect, but you get good results?

IN GEE CHUN: Yeah, during the beginning of the week, so my feel was not super great. But I knew -- I know golf is a scoring game, not the shot game. So I just trust what I thought and what I think, just make a good focus on the course and trying to be positive way, because I trust golf is the scoring game. So I never like lowest -- like my goal where I need -- I don't want to get like negative things.

Q. I think what compensated was your putting a lot today. I think Jessica told you at the end she wants a putting lesson from you.

IN GEE CHUN: Yeah, and then also during the round, Jessica said she love to hear my sound from my swing, is what she said. And I said sometimes I watch your swing on your Instagram, because when I heard about that mentioned from other players, it make us so happy. It's always good to play with her. So I had a great time with
