Atthaya Thitikul

Q. 4-under, when conditions are getting tougher, not bad at all, no? Tell us about your round.

ATTHAYA THITIKUL: I mean, like starting pretty good with a birdie. I mean, like had a really good roll on the first hole and then I mean, today I hit really like close to the pin. That just didn't make the putt that much.

You know, it's good. I mean, like be patience, and then for me, it went hard enough...for a good score today.

Q. What went especially well today? What made you feel like you still have a chance and you're in contention?

ATTHAYA THITIKUL: Not really in contention that much. I mean, everything can happen in links. I just try to do my best and keep patient and get the ball in the position that I can have a chance to make it in.
