Atthaya Thitikul

Q. What did you take and what did you learn from the links and the wind?

ATTHAYA THITIKUL: Yeah, actually, I think we learned every day not especially from the links but every day that we play golf, we play out here on the LPGA and then especially for a links, we learn more. Learn to play some different type of shots and pick like -- literally not like normal shot, but be creative, something like that.

Q. So it's very different, we were talking about this all week, but there's things that you take from this week because of the pressure and conditions and all that that you can use the rest of the season, other kind of courses?

ATTHAYA THITIKUL: Yeah, I think we play every week, and I mean, you kind of like expect about your result and yeah, you have pressure around yourself and you pressure yourself as well sometimes and just like I think just learn just get the whole experience because like if you are going to get to the top, you have to pass through this point.

Yeah, I think that's the challenge of the game as well, the game of golf that you are going to get the pressure and you have to get through the expectation around you and just like learn and stay with it.

Q. And your plans now for the next week, the upcoming weeks, what are you going to play?

ATTHAYA THITIKUL: I'm not going to play next week. So I'm going to start again in Canada and just have some time off, like two weeks in Thailand. So working with my coach, and yeah, kind of like relax my mind from links because links kind of like give you really tough moments and your mind is going to get really tight. So go relax my mind a bit for two weeks.
