Jiyai Shin

JIYAI SHIN: Yeah, this morning, I made a goal for 3-under and then then I did today, and last hole, I had like 245 metres for par to make it, finish 3-under, I have a good focus there and I have a good finish, so I -- yeah, weather was a little make it because-today but I try to keep focus on the course and really enjoyed my playing.

Q. How is the course playing?

JIYAI SHIN: I was so surprised, this course this morning and then afternoon, the course conditions is so different.

So of course in the afternoon, much firm, but sometimes it helped to make it shorter distance front -- to the green.

So I don't know, I think you have a good position for next two days and I know I have a lot of gaps but you know, this course, nobody -- I think this tournament, nobody knows how -- what happens coming up. So I just keep focusing on my game.
