## Ruoning Yin

**Q. So you're ranked No. 1 in China, also No. 4 in the world, how has that impacted your mental approach or affected your play at all?**

RUONING YIN: I actually don't really care about the ranking. I mean, if I'm not world No. 1, that means nothing.

**Q. What kind of expectation do you have on yourself or other or your coach, have you talked about how you are going to maintain the ranking?**

RUONING YIN: We are nothing about maintain the ranking. We are always -- like our conversation is always like we have -- we still have three more spots to go.
