Mi Hyang Lee

Q. Just talk about your round today. How did you feel the performance went today for you?

MI HYANG LEE: First thing was I had really good patience on the golf course, I think. I was a little annoying to my caddie, as well, but he helped me calm down a little, as well, so thanks to my caddie. I had just one three-putt that was a bogey, but the other ones I hit a really good long putt and then good par save, a lot of good up-and-down.

Tricky and it was windy, like 40 miles an hour, but still was -- tried to be simple golf. That worked, I think.

Q. You mentioned in your interview there that you're used to playing in links conditions. Do you feel that was an advantage for you today?

MI HYANG LEE: I think I had a good practice at the Scottish Open last week in Dundonald. It was windy, as well, and tricky golf course, as well, too. I missed the cut but still was really good practice over there.

Then heading to here a little earlier, more practice round. I think that a lot helped it.

Q. How much did you enjoy playing the Old Course today?

MI HYANG LEE: It was a lot, thousand percent. I was really honoured to play here and really enjoying now.

Q. Then just rest and get set for tomorrow; same again tomorrow? Is that the plan?

MI HYANG LEE: Yeah, try to be patient on the golf course again, and then I heard another strong winds coming, and then my tee time is 7:00 a.m. tomorrow, so hopefully be a little died down than today, less wind than today.

But who knows. Just wish me luck.
