Andrea Lee

Q. Not exactly the way you wanted to finish but you did birdie 18 in the last round. Did you catch the reaction from the crowd when you made your putt?

ANDREA LEE: Yeah, the crowd had a little bit of a reaction, just some applause, but it's good to finish with a birdie, especially after a tough weekend. I'm glad I could finish on a high note.

Q. You've got that downcast in your voice. You fell short of your expectations or --

ANDREA LEE: Honestly I'm just tired. I was feeling a little under the weather this whole weekend. Just didn't feel like my condition was a hundred percent. But I gave it my all out there and that's all I could ask of myself.

You know, dealt with all of the conditions the last four days. So just proud of the way I just stuck in there even though the result might not be the one I wanted.
