## Darcey Harry

**Q. Darcey, level par after the round of 72. How do you feel about that?**

DARCEY HARRY: Yeah, good. It was definitely an up-and-down round, it felt like. I had two doubles on the card today, which were quite stressful. But made a lot of birdies, just staying patient out there, it was quite nice. We got a few holes in there to start with no wind. Then on the back nine, it suddenly picked up so much. The stretch coming in was really difficult.

**Q. Early on, there was not a breath of wind, was there? That was the time to score, was it?**

DARCEY HARRY: Definitely. I think, when I was warming up, I just wanted to get out there. Yeah, there wasn't wind at all. It was really nice. We had that nine -- about nine, seven holes where there was no wind at all. So that was quite nice.

Gave you a few birdie opportunities, made the course a little bit shorter, which I think was definitely needed because that back nine is playing super difficult today, especially the wind's a bit different than yesterday.

**Q. I think, if someone said to you before you started you'd make five birdies, you'd be happy with that, wouldn't you?**

DARCEY HARRY: Definitely. I don't mean to be disappointed because I think the doubles came out of nowhere. It wasn't anything really terrible golf, but it just happens. It just shows you what can happen on a links course.

**Q. Is there a sense of regret that you're not in a better place than you are?**

DARCEY HARRY: I think it was just two bad tee shots. Then on one of the par-3s just had a really unlucky lie, which was good to get out of bunker and get it somewhere where you can just hit another shot. No, I think it's links golf, and I managed to finish off quite strong.

**Q. Considering this is your second major, you**

**certainly seem to be coping with the company you're keeping.**

DARCEY HARRY: Yeah, it was super lovely. I played with a lovely group of girls, which was really nice. It was nice to look up to them. They've been on Tour for a while and both major winners. That was really nice. I felt really comfortable playing out there with them. They were lovely, chatting to me.

Everything's just gone really nice, and it's really nice to have made the cut.

**Q. 2-under, tied 16th, as it stands. What can you hope for over the weekend?**

DARCEY HARRY: Again, it's just lots of birdies and try to keep those doubles off the card. I think the weather is looking a little bit worse as the day goes on now and tomorrow and Sunday looks pretty bad. So I think it's just staying patient and just allowing for mistakes, they're going to happen out there, but just trying to get as many birdies as possible.

**Q. The position you're in, are you thinking you can push yourself into contention on Sunday?**

DARCEY HARRY: I'm quite far back from contention, but I'm definitely -- I think top 10 is definitely good golf this week.

**Q. Which would be a fantastic achievement?**

DARCEY HARRY: Yeah, that would be great. That would be a dream, and I just want to play the best I can.

**Q. Is there any chance that, as a member of the club, you can enjoy your round a little bit more because you're so familiar with it and this is the place where you've got fans behind you? Can you enjoy it a little bit more based on that?**

DARCEY HARRY: Yeah, I think I keep forgetting that this is actually my home course and I've played it before. I have to keep reminding myself I know the course, so I don't know why I'm stressing. Yeah, and just enjoy the atmosphere.

I think the first two days are usually the most nerve-racking because you want to make the cut. Anything can happen on this course. You can get in trouble, big trouble any time. I definitely think today was quite a stressful day for everyone because the cut's on the line. Now just tomorrow reset and play again for the next few days.
