**Lydia Ko**

LYDIA KO: Yeah, you know, she played amazing. She hit the ball really solid and then putted really well. Honestly even in the front nine the couple the bogeys she made she got some really nasty lip-outs.

At that point if a couple of those dropped it would've been an unbelievable round. Was still an unbelievable round, and it was fun to play alongside her today.

**Q. Are you surprised to see this level of the amateurs coming up now?**

LYDIA KO: No, I mean, we play Mizuho where we play with some junior golfers, and here and there at these kind of Opens we see amateurs that play at a very elite level. She's had an incredible summer. I've met her before. Followed what she's been doing and she's been playing incredible.

Obviously coming in with a lot of momentum. Doesn't matter how well your playing. The conditions we had, especially at the start of our round, was pretty crazy. She played -- she was very gutsy and it was just a lot of good golf.
