## Avani Prashanth

**Q. Welcome to the Women's Amateur Asia-Pacific championship. How are you feeling this week?**

AVANI PRASHANTH: I'm feeling pretty good. I really like the course. It's a great course to play on. I've been playing pretty well as well. I played really well in the Indian Open last week, so I'm pretty confident this week.

**Q. This is your second time to play in this tournament?**

AVANI PRASHANTH: Yes.

**Q. Is there anything you learnt from last year?**

AVANI PRASHANTH: I think playing with the best last year, I definitely had a couple of areas to work on, and they have gotten much better this year. So I think I definitely have a better chance to win it this year than I did last year.

**Q. You just played your practise round. I know you mentioned the course already, but are there any holes in particular that you like or that worry you?**

AVANI PRASHANTH: The 8th and 9th are super difficult because you're hitting directly into the wind, and then a couple holes on the back nine. I think, if I take care of those maybe four or five holes, I'm really going to end up playing well this week.

**Q. And what are your expectations for this week?**

AVANI PRASHANTH: So we're getting a lot of long clubs in because of the amount of wind that's there. Mainly to hit those long irons well and not drop any unnecessary shots would be my main target.

And take advantage on the holes that are short, which are few of them. It would be great if I don't drop any shots and take advantage of those.
